Andrew.Tussing@ci.northfield.mn.us

Northfield— Watermains in Northfield will be flushed between the hours of 9:00 p.m. to 6:00 a.m. starting on Sunday night the 24th of September, and concluding at 6:00 a.m. on Thursday morning, the 28th of September.

Watermains are routinely flushed to remove minerals as they accumulate in the distribution system and check the operational integrity of the fire hydrants.

Residents are advised to limit water use during the flushing period and check for discoloration prior to using water for laundry purposes.

In case your laundry should get rust-stained, keep them wet and you can pick up a special soap for stain removal at City Hall during the week.

For more information, contact Utilities Supervisor Andrew Tussing at 507-645-3088 or Andrew.Tussing@ci.northfield.mn.us
