

2022 NW Area Mill and Overlay Project Update

July 16, 2021

Project Update

Welcome to the 2022 NW Area Mill and Overlay Notify Me Project update. The City of Northfield will utilize this platform to provide additional project updates as this project moves forward. First off, the City of Northfield would like to thank all attendees at this week's Neighborhood Meeting. City Staff and the Design Team gathered valuable feedback from the residents and property owners in and around the project corridor. City Staff and the Design Team is in the process of computing the data in preparation of the Feasibility Report.

City Staff and the Design Team are scheduled to discuss the Feasibility Report at the August 10, 2021 City Council Work Session. This will give City Council a chance to be updated on the progress of the Feasibility Report. No Council action on the project will be taken at that meeting. City Staff is scheduled to bring forth the Feasibility Report for approval at the September 7, 2021 City Council meeting. This meeting will also be an opportunity for Residents and Property Owners to be heard at the City Council meeting regarding the project.

Additional Dates of Importance:

- January 5, 2022 – 2nd Neighborhood Meeting
- February 1, 2022 – Approve Plans and Specifications and Order the Advertisement for Bids
- March 3, 2022 – Bid Opening
- March 15, 2022 – Accept Bids and Award Contract
- May – October 2022 - Construction

Questions/Concerns?
