Northfield Trail System

The City of Northfield has many miles of recreational trails available for pedestrian, bike, in-line skating, wheelchair, and stroller use. The trails wind through neighborhoods and beautiful nature areas within Northfield.

Please note that all trails in Northfield are designated as multi-use.

Bicycles must yield to all pedestrians using the trails.

Mill Towns Trail

The Mill Towns Trail is a planned recreational trail between Cannon Falls and Faribault, MN that will link the existing Cannon Valley Trail and the Sakatah Singing Hills Trails. The first leg of the Mill Towns Trail has been built between Northfield and Dundas and a bridge was built in 2009 across the Cannon River to connect the trail with downtown Northfield.

More information about the Mill Towns Trail can be found at: www.milltownstrail.org

Rules of the Road

Minnesota's streets, roads and highways provide transportation for a variety of vehicles : cars; trucks; motorcycles; and bicycles. By following eight rules of the road bicyclists and motorists can share the road more safely and enjoyably. After all, bicycle safety is a two -way street!

1. Bicyclists may ride on all Minnesota roads, except where restricted.

2. Bicyclists should ride on the road and must ride in the same direction as vehicle traffic.

3. Motorists must at all times maintain a three-foot clearance when passing a bicyclist.

4. Bicyclists must obey ALL traffic control signs and signals, just as motorists.

5. Motorists and bicyclists must yield the right-of-way to each other.

6. Bicyclists must signal their turns and should ride in a predictable manner.

7. Bicyclists must use a headlight and rear reflectors when it's dark. To increase visibility, add a rear flashing light.

8. Bicyclists should always wear helmets.

Safety is in YOUR control!

Based on Mn/DOT's bike safety website:
www.dot.state.mn.us/sharetheroad/
